

Bramhope Scout Campsite Risk assessment – Frisbee Golf

Name of activity, event, and location	Use of Frisbee Golf @ Bramhope Scout Campsite	Date of risk assessment	10/5/2024	Name of person doing this risk assessment	Angie Foley John Smallwood
		Date of next review	1/5/2025		

What could go wrong? What hazard have you identified? What are the risks from it?	Who is at risk?	What are you going to do about it? How are the risks already controlled? What extra controls are needed? How will they be communicated to young people and adults and remain inclusive to all needs?	Review & revise What has changed that needs to be thought about and controlled? Keep checking throughout the activity in case you need to change what you're doing or even stop the activity. This is a great place to add comments which will be used as part of the review, <i>ensure comments are passed to Site Manager</i>
Overall supervision & Control	All involved in the activity	A Leader in Charge (LinC) must be identified prior to or at the start of the session. The LinC must be in attendance throughout the whole session Appropriate ratio or leaders to young people to allow effective supervision, this will depend upon age and abilities of participants, to be determined by LinC LinC to stop all activities immediately if the safety of participants or any other site users/members of the public are compromised.	
Range	All involved in the activity	The course will have been established by site staff LinC to check course for trip hazards and check stability of baskets Participants to walk between baskets & throwing areas	
Injury from equipment use	All involved in the activity	LinC to brief users regarding standards of behaviour and course safety Users to stand in throwing area and take turns to throw discs into basket Those waiting should stand behind and clear of person throwing until their go is complete. LinC to supervise at all times ensuring others are not entering into the area in which discs are being thrown, Groups to follow course, moving around baskets in order. Discs to be carefully removed from baskets once all throwing has finished. Baskets MUST NOT be climbed on	
Weather	All involved in the activity	Sessions to be cancelled in the event of adverse weather. Decision to be made by LinC	
Behaviour	All involved in the activity	Groups to be briefed by Linc on standards of expected behaviour Safe waiting area to be established to avoid overcrowding near throwing area LinC to supervise behaviour at all times with additional Leader support Persistent indiscipline may result in the young person being excluded from the session or the session may be terminated.	

Don't forget, as part of your programme planning, you should have contingency activities in reserve just in case you can't do what was planned or you need to stop half way through. Make sure this is shared with those involved, so everyone knows how to respond. You should have risk assessed contingency activities prior to them taking place and communicated key information to those involved as with all activities.
