

Bramhope Scout Campsite Risk assessment – Gladiator Inflatable

Name of activity, event, and location	Use of Gladiator inflatable @ Bramhope Scout Campsite	Date of risk assessment	31/5/2024	Name of person doing this risk assessment	Angie Foley John Smallwood
		Date of next review	1/6/2025		

What could go wrong? What hazard have you identified? What are the risks from it?	Who is at risk?	What are you going to do about it? How are the risks already controlled? What extra controls are needed? How will they be communicated to young people and adults and remain inclusive to all needs?	Review & revise What has changed that needs to be thought about and controlled? Keep checking throughout the activity in case you need to change what you're doing or even stop the activity. This is a great place to add comments which will be used as part of the review, <i>ensure comments are passed to Site Manager</i>
Injury by Sharp objects	All involved in the activity	All objects to be removed from pockets before using the equipment/entering the Arena Spectacles, watches and shoes to be removed prior to using the equipment/entering the Arena Activity MUST be supervised by a competent adult at all times, Leader in charge (LinC)	
Injury from Equipment use	All involved in the activity	Only 2 participants in the Arena at any one time Participants MUST wear protective headwear whilst in the Arena Only designated poles to be used by participants, no other items to be used to hit/push opponents Once opponent has been dislodged from podium, pushing/hitting to cease	
Being hit by falling participant	All involved in the activity	LinC to supervise activity at all times Those not actually participating to be kept away from Arena, in place of safety	
Adverse weather – slips and falls	All involved in the activity	Gladiator Arena to be securely pegged to the ground Gladiator activity NOT to be used in wet/windy weather conditions Should weather worsen during usage then the activity MUST be stopped, inflation turned off and electrical equipment returned to storage area.	
Behaviour	All involved in the activity	Group to be briefed by LinC on standards of expected behaviour LinC to supervise behaviour at all times with additional Group leaders support persistent indiscipline may result in the young person being excluded or the session being terminated.	

Don't forget, as part of your programme planning, you should have contingency activities in reserve just in case you can't do what was planned or you need to stop half way through. Make sure this is shared with those involved, so everyone knows how to respond. You should have risk assessed contingency activities prior to them taking place and communicated key information to those involved as with all activities.
